

It is with great sadness, total respect and much love, that Kindle is bidding bon voyage and happy new life chapter to co-founder and joint MD, **Anne Brogan** this December. Anne and I set up Kindle over 15 years ago – little did we know what a rambunctious child we were unleashing on the world! Many shows, some gongs and a few bruises later.... she's matured into rather an ambitious, opinionated young adult. (Blame the parents, I say - especially Anne). Anne, we will miss you every day; we salute you and we thank you for leaving Kindle in such rude health. With much love and deep affection, Melanie, Pia, Emma, Sacha, Harriet, Dave, Chloe, Julie, Alex and everyone at Banijay Kids & Family xxxx
